

WINSHIP-ROBBINS SCHOOL DISTRICT
AGREEMENT FOR INTER-DISTRICT SCHOOL ATTENDANCE
for use only if you do not live in our district

This agreement is by and between the Winship-Robbins Elementary School District and _____, (parent) the parent or guardian of _____, (student) an elementary school student. It is the desire of the parent that the student be allowed to attend school in the Winship-Robbins Elementary School District under the **inter-district** attendance provisions of the California Education Code. I understand that the attendance of the student is on the terms and conditions set forth below and that any violation of these terms and conditions may result in the immediate revocation of this agreement and a denial of attendance at the school.

1. The parent will support the programs of the District and will cooperate with the teachers of the student and the administration of the school.
2. The student will cooperate with the teachers and will cause no disruption either in the classroom or outside of class. The student will obey all school rules and will have no violations that could normally result in suspension or expulsion.
3. The student will have no more than three unexcused absences in any one trimester. When the student is absent, the parent or guardian will call the school and explain why the student is absent or provide a written excuse on the day the student returns explaining why the student was not in school.
4. The student will have no more than five unexcused tardies in any trimester.
5. The District may, at its sole discretion, revoke a transfer when the District determines it is in the best interest of the student or the District. In such cases the student will be immediately transferred to the district of residence. Reasons for revocation include, by way of illustration and not limitation:
 - a) Student misconduct
 - b) Failure of the student to maintain a satisfactory attendance
 - c) Failure of the student to maintain grades of "C" or better in all classes.
 - d) Continuation of the transfer would result in displacement of a resident student
 - e) The student's educational needs require the District to create a new program or provide a new service to serve the student.
6. This agreement is for the 2013/2014 school year only and must be renewed for future years.
